

Curbside service at Birds-I-View

For our senior customers and those who feel they fall into the category of higher risk for health issues, we are currently offering the option of calling us with your bird food order for delivery to your car.

Here is how that will work:

- 1. Call us at 573-638-BIRD(2473) at least One Hour prior to pick up.** We will be happy to take your order and **call you back with an exact total. (Please do not leave voice mail or email messages as orders--please call and speak directly to Steve or Regina).**
- 2.** We prefer you pay with check or cash for curb side service, but can do a credit card if you need us to. We will give you an exact total before you arrive and exact change will be appreciated if you pay in cash. Naturally, you will receive all applicable discounts (such as our senior and cash/check discounts plus any current sales!).
- 3.** We would appreciate a call when you arrive at our parking lot for pick up, but if that is not possible **please do let us know an estimated time of arrival and the color and make of your car** so we can get your product right out to you!

We look forward to serving you. Enjoy your birds at home!

Steve and Regina Garr
